

# Don't Come Any Closer

The Departure

If this is the set  
Then I'll take it all down  
Don't come any closer  
Than you have to  
Like a film without the sound  
You have to watch the words  
As they appear

And I'll be acting out tomorrow  
You'll be killing time by watching me  
You're just killing time

And this is for show  
I can see in your eyes  
All of my ideals flash to nothing  
Like a screen with nothing shown  
No photograph to fill this hole I'm in

And I'll be acting out tomorrow  
You'll be killing time by watching me  
You're just killing time

And I'm so sick and tired of this  
I don't need to feel lonely and  
I'm just killing time

This is the way that  
You're making me feel
