

# Dipset Forever

The Diplomats

Heatmakerz, crack music  
The mighty, mighty Set, nigga

Whoever said that forever was a myth, they lied (facts)  
Lord knows that I'm forever with the Dips, on God (on God)  
Do with the hammer but I'm better with my wrist, no lie (whip game)  
Grab the hammer when I'm steppin' out the whip 'cause (niggas watchin')  
The only thing certain in life is death so (that's true)  
'Til I go I'ma work 'til I'm outta breath 'cause (work)  
All this work ain't worth the amount stress and (I love y'all too)  
Where I'm from is what you're worth, what's your net?  
They know I ball out like a Kenny A. jersey off the Nets (been ballin')  
Hydroplanin', gettin' wet (skrtr, skrtr)  
Before the movie, we been purgin' for a check (ARRRGGGH!)  
Get the fiends credit, doin' the first and third, they get a check  
It felt like that every bird was gettin' stretched (facts)  
We got the money but still we sellin' birds to get a rep  
Shit, you ever rock a fur with a TEC tucked in?  
Talk to me crazy, say the wrong words and get stretched, nigga

Drop G's on 'em (bag dropper)  
Breathe on 'em (take a breath)  
Make me roll my motherfuckin' sleeves on 'em (shine, nigga)  
Drop top V's on 'em (skrtr, skrtr)  
Achoo when I sneeze on 'em  
Fifty shots when I pop, then I breeze on 'em (BOOM!)  
Stop the bank, grab the dice, then I breathe on 'em

I'm undisputed, undisputed that won't be disputed (facts)  
Tell Mona Scott to partner up, man, I can't be recruited (not at all)  
In the streets I'm saluted  
Cop the leak then I move it  
Some people see me a stupid, no love, I'm beefin' with cupid  
Played ball, sold drugs under the circumstances (well I did)  
NBA, Navarro college, I hurt them chances (true)  
I was Lenny Cooke (what else?), naw, hoop dreams  
Now my only problem is keepin' the coupe clean (woo!)  
If ain't Jones, nigga, I don't make up with 'em (never)  
All these girls be mad when I break-up with 'em (why?)  
They would slash the tires, break the windows, all the cars (facts)  
Now it's TV shows, radios, all the blogs (woo!)  
They know I'm wavy on water just like the Navy  
All of 'em still my baby, the dick just drove 'em crazy (well it did)  
Me and Capo locked in, we foo-uelz (foo-uelz)  
We bought you the Max Bs, the Juelz (WE DID!)  
Pay homage, nigga (nigga)  
I'm comma after comma after comma  
What the fuck we got in common, nigga? (Nothin')  
Have you tied up, huh? No bondage, nigga (no)  
When you see me, you sick, just vomit, nigga (like that boy!)

Drop G's on 'em (bag dropper)  
Breathe on 'em (take a breath)  
Make me roll my motherfuckin' sleeves on 'em (shine, nigga)  
Drop top V's on 'em (skrtr, skrtr)  
Achoo when I sneeze on 'em  
Fifty shots when I pop, then I breeze on 'em (BOOM!)

Stop the bank, grab the dice, then I breathe on 'em

Ayy, ayy

Uh, from the stoop to the coupe (yeah)

Money stack from the floor through the roof (yeah)

Santana get loose like a tooth

They can't hang wit' me, get a noose

Scorin', street ballin', no nets on the hoop

Niggas just start drippin', man, I been had the Juice (yeah)

Gotta respect what I do (what I do)

Like Spades, man, they all follow suit

You lyin' if you say the Set not the truth

Just look at these niggas now and you left with the proof (yeah)

Uh, Cam saw a star and showed the world my light (light)

And that's when Dipset came to life (life)

I put in work, they can't take my stripes

What matter what it cost? Boy, I paid the price (yeah)

Jim was puttin' on, Zeek kept it strong

Everything's forever 'til forever's gone (damn right!)

Everything's forever 'til forever's gone

Fuckin' right

But forever may never be gone for us, ya dig?

We like grow up in that concrete like that rose, smell me?

We sorta like that coke, that fall in the pot and disappear but reappear like crack, ya smell me?

We like that-that shot that hit you and you down for a minute but you open your eyes a minute later

And walk yourself to the hospital, stitch yourself up, you smell me?

And nothing could stop us

Not even death 'cause we live forever, motherfuckers, ya dig?

Dipset!
