

Diamonds & Pearls

The Dirty Heads

Said I really wanna go outside today
Said I really wanna get real high today
So please don't Kendrick my vibe today
So please don't get in my eyes today
See the world in a handstand upside down
See the world from a handstand, sky the ground
To hate I'm allergic, fate I'll divert it
Pray to the virgin now
You're not a version of what you purchase
You are the birth of now
I pray for my verses to hit the surface
Kiss on the angel's ground
Louis Armstrong in the lane
Got a bad bitch gimme better brain to Etta James
I'mma do my thing, man, singing in the rain
I don't make claims, you can put it on my name, ah

It's a wonderful world, yeah
Fucking diamonds and pearls, yeah
They don't understand what we're living for
Make 'em understand life is beautiful
It's a wonderful world, yeah
Fucking diamonds and pearls, yeah
Make 'em understand life is beautiful
It's so wonderful, it's so wonderful

We doin' it, doin' it, doin' it
We climbin' aboard and we movin' in
We taking all doubt and removin' it
It's a beautiful life and I'm provin' it
I love how it feels when you know it's good
I've been as high as I ever should
I've done some things that were misunderstood
But I feel it's all good man like anyone would
I gotta do what I gotta do
Cause I got a plan and a rendezvous
And people, sometimes, they don't understand
And these are the fuckers with attitude
And I ain't got time for foolishness
And no I will never apologize
Cause people out there they get ruthless
And then I get upset
And they wonder why
I'm takin' off, get off of my runway
If I rub you the wrong way then run away
I'm on the hunt for some sunny days
This X marks the spot where my money lays
It's a beautiful life and I'm lovin' it
I thought we all forgot just what lovin' is
But I'm out here and I'm provin' it
Cause most of y'all will just never go through with it
Come on

It's a wonderful world, yeah
Fucking diamonds and pearls, yeah
They don't understand what we're living for
Make 'em understand life is beautiful

It's a wonderful world, yeah
Fucking diamonds and pearls, yeah
Make 'em understand life is beautiful
It's so wonderful, it's so wonderful

(Make 'em understand life is beautiful)
(It's a wonderful)
(It's so wonderful, it's so wonderful)
