

Requiem of the Drunk

The Dirty Youth

I really, really think I need to get fucked up
I took a dose and go home with any stud
The time is ticking, ticking fast, lets slow it down
You take the line, payed a fine, ignored the stop sign

I wouldn't care 'bout that, you're all along
And I don't know where I am
You gotta taste the meth and take some coke shots
I wake up

La la la la la la
Lets get drunk and lets go home together
La la la la la la
Lets get drunk and lets get stoned together

La la la la la la
Lets get drunk and lets go home together
La la la la la la
Lets get drunk and lets go home

Ever feel like you're stuck on a steam train
You lose your mind ticking over in the fast lane
Ha! 'Cuz it's so funny just to be alive
You play the game then take a nose dive

I wouldn't care 'bout that, you're all along
And I don't know where I am
You gotta taste the meth and take some coke shots
I wake up

La la la la la la
Lets get drunk and lets go home together
La la la la la la
Lets get drunk and lets get stoned together

La la la la la la
Lets get drunk and lets go home together
La la la la la la
Lets get drunk and lets go home

La la la la la la
Lets get drunk
