The Dodos

Focus on the intake
Voices feel out of place
Only difference in phase
Move past how to contain

Until you have yours, I am
Until you have yours, I am

Just tell me when, I'll run to you, to you
Just tell me when, I'll run to you, to you

This is enough for now
Is it enough for you?
This is enough for now
Is it enough for you?

Ha, no
You're never ever gonna
Ha, no
You're never ever gonna
Ha, no
You're never ever gonna
Ha, no
You're never ever gonna
Ha, no
You're never ever gonna
Ha, no

No more listening today
Noises drowning away
No one left here to tell
Gone our familiar way

Until you have yours, I am
Until you have yours, I am
