

Feed Me, Pet Me

The Dollyrots

My pets with claws
They're always kinda angry at me
Inside their paws
They hide the razors they wave slowly

They never pause
From giving me some sweet attention
On skin it gnaws
So much that now I never mention

Ooohh, look at the face she's making
Ooohh, don't bother her she's waking

FEED ME, PET ME
FEED ME, PET ME
FEED ME, PET ME
MEOW

My pets with claws
They always tell me how to treat them
By treat I mean
The kind you give to praise their doings

They never pause
From giving me some sweet attention
On skin it gnaws
So much that now I never mention

Ooohh, look at the face she's making
Ooohh, don't bother her she's waking

FEED ME, PET ME
FEED ME, PET ME
FEED ME, PET ME
MEOW
