

Your Love Was Strange

The Dramatics

Whoo-whoo-whoo
Whoo-whoo-whoo
Whoo-whoo-whoo

Like April showers, your love came down on me
(Pitter-patter falling rain)
From out of nowhere and oh so suddenly
Kisses like lighting that set my soul ablaze
And the words "I love you" were like thunder's crashing rays

Your love is strange
(Oh baby, baby, baby, baby)
Your love is strange
(Strange)

From out of nowhere, like a shooting star above
(Your love came on me)
I can feel it in my heart, came from nowhere, it was love
I was so thrilled 'cause I new love that I found
But too blind to see that you were merely tearing me down

Your love is strange
(Oh baby, baby, baby, baby)
Your love is strange
(Strange)
I said your love is strange
(Oh baby, baby, baby, baby)
Your love is strange
(Strange)

(Got to find...) I've got to keep my love away from you girl
(Don't you never change)
Don't you never, never, never change
(All you bring is heartaches and sorrow)
I could bring you [?] girl

Whoo-whoo-whoo
Whoo-whoo-whoo
Whoo-whoo-whoo
Whoo, whoo, whoo
Whoo, whoo, whoo, whoo

Ohhh!

As soon as you knew you had my soul in my [?] girl
You walked right out of my life, it was like a stab in my back
(Your love was strange)
Oh little girl your love was strange
(Your love was strange)
Hey, I can still feel the pain

(Got to find...) I've got to keep my love away from you girl
(Don't you never change)
Don't you never, never, never change
(All you bring is heartaches and sorrow)
I could bring you [?] girl

Your love is strange
(Oh baby, baby, baby, baby)
Your love is strange
(Strange)

One day you say you love me
The next day you turn your back on me
You smile in my face, then you take your love away from me

Your love is strange
(Oh baby, baby, baby, baby)
Your love is strange
(Strange)

(I said)
Your love is strange
