

# Too Much

The Easybeats

I think I'm too much  
Too much in love  
You know I'm too much  
Too much in love

She thinks she's too good  
Too good for me  
Wish now that she would  
Just set me free

When the night time comes  
Whispering her name  
But she keeps sayin'  
It's a game

Now we the people fine  
Just her and me  
We're both content  
Live happily

When the night time comes  
Whispering her name  
But she keeps sayin'  
It's a game

We think we're too much, hmm  
Too much in love  
We know we're too much
