

# Come into My World

The Enemy

Forget your worries and your cares for today  
Forget the gas man, the gas man's too late  
Well there's always someone, someone who won't wait  
How come it's always the ones, the ones who get paid?

Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world  
Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world

Forget your troubles and your fears for today  
Forget the flashbacks they'll all fade away  
Well there's always no will, there's always a way  
Well there's always a will, there's always a way

Always a way  
Always a way

Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world  
Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world

I don't wanna be that way  
I don't wanna go insane  
Only want to [?] the way for a day

Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world  
Come on, come on, come on, come on, get up man  
Come on, come on, come on, come on into my world, my world
