

## Nashville Blues

The Everly Brothers

A letter just came from Nashville  
My sweet baby says she's blue  
Gotta get back to Nashville  
Or my heart will break in two  
Oh I miss her so  
I just gotta go  
I've got the Nashville blues

Gotta get back to Nashville  
'Cause that's where the good times are  
Ever since I left Nashville  
The kicks ain't been up to par  
I'm lonely and low  
I'm livin' too slow  
I've got the Nashville blues

Wanna go see my Sally  
And tell her that I still care  
Want to see Printer's Alley  
And dig all the cool spots there  
I'm achin' to be  
In old Tennessee  
I've got the Nashville blues
