

# The Layover

## The Evidence

Not a worry in the world when I started  
Still young and restless  
Hurry up and wait  
Tell my people nowadays a missed call is just as good  
as a message  
Weve come along way from brick phones to flip phones  
I remember the day my homie Freck-one had the first  
chip phone  
We was callin long distance runnin up corporations tabs  
Like god damn the world gone mad  
And little did I know and did he know we was not gonna  
see the future together now here no more (rest in  
peace)  
93 was not til infinity, 93 was more like 20 years of  
legacy  
In Venice Beach, Santa Monica, Freck-One ring bells,  
Jade-one they know the name well still  
They goin huntin  
Theres 8 million stories in the city  
They forgot the 4 million in the country  
Im going where the people want me

Uh  
This is the layover  
airport hanger 6 hours with a hangover  
I bang over the best when I fly we goin ride  
Got my peoples on my side  
Its to the sky

Worldwide

Lets call the whole thing off  
Nah I call your bluff  
If you callin it luck  
Im up to no good, Im up to something  
Im plottin my peoples still come first I never pass the  
buck  
I never asked for nothing I couldnt get back even  
during set backs  
I called everyday your doughs on the way  
When it comes Ima put something on top make sure you  
get that (with interest)  
Dont forget about the rain the suns up now  
But when its wet Im back in my lane  
Dont forget about the pain  
I aint been the same since April 04  
This shit is insane not a game this a limited run  
Dont second guess an operation from an armchair son of  
a gun  
Loudest in the room aint the smartest in the building  
Quitting while Im ahead aint the same as quitting is  
it?
