

Kickout

The Exies

Forget myself on your command
To find you there from where I stand
To lose myself in you

So, I kickout
I kickout
Before you cage me
I'm shot down
I'm shot down
'Til someone saves me
'Cause I don't know how much more
That I can take
And I kickout
I kickout
Before you cage me

I curse all those
Who we sold in
If someone's there
Won't you send for help
Before I blah

Blah, I kickout
I kickout
Before you cage me
I'm shot down
I'm shot down
'Til someone saves me
'Cause I don't know how much more
That I can take
And I kickout
I kickout
Before you cage me

I won't be around
For you to drag me down

So I, I kickout
I kickout
Before you cage me
I'm shot down
I'm shot down

I kickout
I kickout
Before you cage me
Before you cage me
Before you cage me
