One more time, just enough to ease my mind. Everything's fine, when it's only you and I... And I cry because loss like this just don't make sense. I try, but I just can't grasp why...

Waste the whole night away. I don't know what to say. Disregard everything.
Just can't feel anything.

Now it's you, I still can't believe it's true.

Down here it's cold, when I let myself go.

It's contrived, and inside I think I died, but I'll go on...

You're always on my side.

Just to hear your voice speak one more word. Just to see you smile!!!

Waste the whole night away. I don't know what to say. Disregard everything. Just can't feel anything.
