

Children

The Family

Children can you laugh me
All your young life's meaning
Playing, as you do I feel that the truth
It's in you
Young girl in your sparkle
Well I can see some beauty
Growing as you do, I see that the beauty's
In you
Young girl, children and wise
Open my eyes this song I sing you
I've got a lot to learn
But may I say, oh this song concerns you
Wise man in your wisdom
Tell where we're going
Seeing as I do there seems to be
So, much to do
