

Space Cadet

The Feelers

Space cadet or space boy
One and the same
Sandcastle or sand toy
They're all just games

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha

Face pretends or fame brains
That all hide in shame
Figurines or mayor reigns
They're all to blame

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha

And the sky was on fire
I was burning up there
Ooo ho
And the world was alive
It's on top of that world
It's on top of that world
Yeah ha
