

Starlight Man

The Flower Kings

I can be your guardian angel
I can be your starlight man
You can find a home inside me
I can bid you one more dance
I can be your all time father
I can be your backup friend
although I speak in tongues of angels
it resemble sounds of man

I'm beside you/I'm the starlight in your mind
Look inside me/I am You, that's what I am
I'm around you/I'm the starlight in your mind
Look inside me/I am You, that's what I am

Carry on,
the torch I hand you is not made by human hand
Look inside the depth of my eyes and you'll find a
universe

I'm no taller than the treetops
and my sight is not the best
But my mind is at the outlook
and my view is from birds nest

I'm beside you/I'm the starlight in your mind
Look inside me/I am You, that's what I am
I'm around you/I'm the starlight in your mind
Look inside me/I am You, that's what I am
