

No Surfin' Today

The Four Seasons

She was my surfer girl
We surfed in the sun
Where are you surfer girl
Now our fun is done
Now our fun is done

Angry sea took my love from me
No surfing today, no surfing

Way out beyond the reef
They said don't go
The under tide's so deep
Drag you down below
Drag you down below

Angry sea took my love from me
No surfing today, no surfing

Just yesterday
We felt the ocean's spray
While we were surfing side by side

I'll never hold her again
She's too far away
I'll never ride the stand
What else can I say?
What else can I say?

Angry sea took my love from me
No surfing today, no surfing
No surfing, no surfing...
