

Are you ready?

Sad old geezer
How do you use us?
Too late this asshole cannot be saved

Gōman senbō fundo taida don'yoku
jinkaku kuruwasu taizai

Stacked away
Skanky waster
You should know your shame
Such a shithead
All saints shall die
Shitty loser
You should know you're lame
Such a dickhead
All saints shall die

Because there will never be a world that I can know
We cannot change this fact, it is done
The generation is our last one

Sad old geezer
How do you use us?
Too late your assholes cannot be saved

Gōman senbō fundo taida don'yoku
jinkaku kuruwasu taizai

Because there will never be a world that I can know
Everything was a lie, such deceit

Ai shita tsuki sae ima wa mō mienai

Because there will never be a world that I can know
We cannot change this fact, it is done
The generation is our last one
