

Moonlight Fantasy

The Golden Filter

You make my heart hurt
Intensity
Strange how the days can seem like an eternity
My heart is racing
As I panic to tell you
That it's still beautiful
Please don't derail

Moonlight fantasy
I'll be in your arms, like a
Moonlight fantasy
Baby, you're my charm, for the
Moonlight fantasy
Hold me in your arms

You make my heart hurt
Intensity
Strange how the days can seem like an eternity
My heart is racing
As I panic to tell you
That it's still beautiful
Please don't derail

Moonlight fantasy
Hold me in your arms
Moonlight fantasy
I can feel your charms
Moonlight fantasy
I can feel your charms
Moonlight fantasy
Wrap me in your charms
Moonlight fantasy
(Baby I'm your charm)
