

## Coppermine

The Gourds

Coppermine, oh coppermine  
My great-great grandfolk on my father's side  
Used to work, in a coppermine - oh yeah  
A penny here, a penny there  
Won't you drop one in my waterwell  
The women lived in maine\* my friend  
The men they lived underground  
Copperwire oh copperwire  
Clever clever copperwire  
Wrapped in black rubber  
Never knew it was a miner's manner  
I loved so well  
A penny here, a penny there  
Won't you drop one in my waterwell  
The women lived in maine my friend  
The men they lived underground
