

Tex-Mex Mile

The Gourds

Well the south congress whores they is a movin' on down the line

They moved the cinema west down to Interstate 35

The Ho's got their Johns following single file

The aint't good lookin' but they got that freaky style

Down on the tex-mex and tattoo Pakistani package mile

They got a thing down there that makes an angry young man mild

And if you go down there and smoke out yer gonna leave with a smile

Down on that tex-mex and tattoo pakastani package mile

I hear the police sirens they're whining every night

From south first and west mary all the way down to Ben White

Ol' Tom Ables used to say with an impish smile

"Brother, sit back and listen to the south Austin lullaby"

I lost 10 years down there smoking that Pachuca weed

I was Rip Van Winkle but I thought I was Apollo Creed

I couldn't find my dingo boots, hell I couldn't even find my feet

I kept a waking and a baking even though it was mostly seeds
