

## Pain Train

The Guess Who

Train, comin' too fast  
Pain, is it really gonna last  
And you still refuse to see.

We love the dollar more than the collar  
That Daddy used to wear  
We love to holler more than the dollar  
So take us to the fair.

We love the preacher more than the teacher  
We used to have in school  
We saw the teacher marry the preacher  
Who do you think's the fool?

Can't you hear it like a train, comin' too fast  
Pain, is it really gonna last  
And you still refuse to see.
