

Stop Teasing Me

The Guess Who

Come and hold me tight
Please come and hold me tight
That's the way to let me know
That you're pleasing me

But you run around with other guys
And leave me standing there with tears in my eyes
Stop teasing me
Stop teasing me

Tell me you'll be true
And no one else will do
That's the way to let me know
That you're pleasing me

But you run around with other guys
And leave me standing there with tears in my eyes
Stop teasing me
Stop teasing me

You really know how to please me
But you'd rather tease me
And drive me insane
Here we go again

Tell me you'll be true
And no one else will do
That's the way to let me know
That you're pleasing me

And don't run around with other guys
And don't leave me standing there with tears in my eyes
Stop teasing me
Stop teasing me

You really know how to please me
But you'd rather tease me
And drive me insane
Here we go again

Tell me you'll be true
And no one else will do
That's the way to let me know
That you're pleasing me

And don't run around with other guys
And don't leave me standing there with tears in my eyes
Stop teasing me
Stop teasing me
Stop teasing me
Stop teasing me
