

# One For Hope

The Higher

You're wrong and I  
The best day that I have had  
Was in Nebraska with my Dad  
A thousand miles from everything bad  
And he said don't put your hope all in a girl  
Cause who's going to save you from the world  
I'm sorry  
You left home  
You've got to make it on your own  
Though times are tough take what you can  
This is your test to be a man  
I'm sorry  
You left home  
You've got to make it on your own  
So know that you're wrong  
And I'm here to tell you that you're wrong  
It's going great and I'm doing fine  
And I promised to forget to write  
I'm sorry  
You left home  
You've got to make it on your own  
A song to all the fair weather friends  
Who won't be seeing me again  
I'm sorry  
You left home  
You've got to make it on your own  
And you're not afraid  
And you're not afraid  
And I'm here to tell you that you're wrong
