

## Hail Hail Spit N' Drool

The Hives

I took time to think things over - time I didn't want to spare.  
Cause someone told me I had things to fix - things I didn't want  
na repair.  
So I was talked into sitting quietly thinking bout the things I  
'd done.  
Didn't like it so I said wisely oh hell!  
Where's my fun?  
Hail hail spit n'drool.  
I liked the way that things were going don't like the way they'  
re going now.  
But I'd like to add there is a thing I can do  
gonna tell you what, where and when and how.  
Hail hail spit n'drool.
