

Upset

The Hoosiers

Why you got that gun in your hand?
Is there somebody you plan on pointing it at?
Why you got that look in your eye?
Like you mean business, I try talk you out of that

I told him not to push me
Said I don't wanna fight
I'm a sensitive heart, wanting a peaceful life
But no, he wouldn't listen
And he slipped out of line
Now Nicky made his mistake for the very last time

We don't have to get upset
(But it's always an option)
We could forgive and forget
(It's not always an option)
We don't have to get upset

Why you got that tear in your eye?
You wear a look of surprise
Do you know what you've done?
If I said you were an innocent man with blood on his hands
Would you still try to run?

I know he had it coming
He brought pressure, not peace
And I was out of choices and I needed release
But no, he wouldn't listen
And he slipped out of line
Now Nicky made his mistake for the very last time

We don't have to get upset
(But it's always an option)
We could forgive and forget
(It's not always an option)
We don't have to get upset

We don't have to get upset
(But it's always an option)
We could forgive and forget
(It's not always an option)
We don't have to get upset
(Have to get upset)
