

Love Is Not Supposed To End This Way

The Icarus Account

I was your favorite song
For twenty some years look how far that we've come
Tell me where I went wrong
And I'll try to make right all the things that I've done

No
It doesn't matter what you say
It doesn't matter what you do
'Cause I will always love you

This is not what we thought that love would be
This is nothing like the movies
'Cause when I gave you my heart
I gave it every day
Love is not supposed to end this way

You never kiss me goodnight
I still remember the days I could light up your eyes
Tell me where I went wrong
I'd give anything just to change what I've become

No it doesn't matter if you stay
It doesn't matter if you go
'Cause I will always be your home

This is not what we thought that love would be
This is nothing like the movies
'Cause when I gave you my heart
I gave it every day
Love is not supposed to end this way
Since when did love decide to walk away
