

Only You

The Icarus Account

Look into my eyes
This is what I have been waiting for all of my life
Tracing your face
Down to your legs
Baby you're perfect in every way
I want you so bad that it aches

And it's you love
Baby it's true love
'Cause I have been tossing and turning
So endlessly searching
For someone who can make me feel
The way that you do
It's only you
It's only you

And don't stop
Loving me baby keep driving me crazy
You're all mine
So sink into me like a stone in the sea

Cause it's you love
Baby it's true love
'Cause I have been tossing and turning
So endlessly searching
For someone who can make me feel
The way that you do
It's only you
Darling it's only you whoa

My hands on your hips
Lips to your lips
There's nothing that
Could hold me back
From loving you

And it's you love
Baby it's true love
'Cause I have been tossing and turning
So endlessly searching
For someone who can make me feel
The way that you do
It's only you
Darling it's only you
It's only you
