

## My Love Goes With You

The Innocence Mission

Beautiful and dearest child  
Morning comes soon, sleep awhile  
Fly away to trees that sway  
In dreams peaceful and green

Of the happiness you bring, I will sing  
Oh I will sing  
My love goes following you into your dreams

By lo, by lo  
My love goes with you now  
My love, my love  
My love goes with you now
