

# Tell Me It's Just a Rumor Baby

The Isley Brothers

Tell me it is just a rumor, baby  
Ooh baby

Another day is passing by  
And here I sit in sorrow (Sorrow)  
Tears streamin' from my eyes  
I'm afraid to face tomorrow ('Morrow)  
The things I hear from my friends  
Tryin' to make me see (See)  
Your love is gone  
You're movin' on  
Soon be leaving me

So, tell me it's just a rumor, baby  
(Tell me it is just a rumor, love)  
Ooh babe

They say you've found another love  
You don't need me any longer (Longer)  
It may be pride I feel inside  
'Cause my love is growing stronger (Stronger)  
I pay the cost of the love I lost  
If I can't turn to you (You)  
And here what seems to be the thing  
That the people say is true

Come on and tell me, just a rumor, baby  
(Tell me it is just a rumor, baby)  
Tell me (Tell me it is just a rumor, love)  
Oh oh

Listen to me, baby  
I just need to conceal  
The way I truly feel  
I love you too much to hide it  
There's no need to deny  
I love you so (Even though)

I'm going insane from loving in vain  
And you'll soon make a fool of me (Me)  
But I can't accept a word I hear  
Unless you say the same to me

Come on and tell me, it's just a rumor, baby  
(Tell me it is just a rumor, baby)  
Come on and tell me, yeah (Tell me it is just a rumor, love)

Ooh, ooh  
Tell me it is just a rumor, baby  
Come on and tell me it's just a rumor, baby  
Oh no, tell me  
(Tell me it is just a rumor, baby)
