

# Was It Good to You?

The Isley Brothers

How did it feel to be out there on your own  
I want to know  
How did it feel  
Just for a bit of excitement  
Girl you strayed away from home

I want to know  
Well, how did it feel  
Was it worth all the pain that you caused me  
Was it worth all the heartache that it brought me

How did it feel  
When he held you in his arms  
I want to know  
How did it feel  
Well, well, well

Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)

Tell me face to face  
Is somebody taking my place  
Stepping in my shoes  
I don't want to lose

Tell me how did it feel to be out there on your own  
I want to know  
How did it feel  
Just for a bit of excitement  
Girl you strayed away from home

I want to know  
How did it feel  
Honey, was it worth all the pain that you caused me  
Was it worth all the heartache that you brought me  
How did it feel when he took you in his arms  
I want to know  
Honey how did it feel

Was it good (was it good to you baby)  
Was it good to you (was it good to you baby)  
I want to know (was it good to you baby)  
Was it good to you (was it good to you baby)  
Don't be ashamed to tell me (was it good to you baby)  
Was it good to you (was it good to you baby)  
I won't blame you baby (was it good to you baby)  
If it was good to you (was it good to you baby)  
Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)  
Was it good to you (was it good to you baby)
