

Love Trip

The Jackson 5

Oh, baby, baby
Oh luscious child
(Luscious child)
What's ya doing to me just drives me wild
Do you know how long I've waited for someone
Who could make me feel just the way I'm feeling now
Child (I can't help but smile)

At the magic in your fingers making music flow
(Her tender touch taking you each place you want to go)
(Each fingertip taking you on a love trip)
(Yeah, on a love trip)
Love, love, love, love
(Each fingertip taking me on a love trip)

Ooh, baby, baby
Oh luscious child
(Luscious child)
What's ya doing to me just drives me wild
Never thought someone would love me like you do
Who could turn me on every day and night time too
Child (I can't help but smile)

At the magic in your fingers making music flow
(Her tender touch taking you each place you want to go)
Love, love, love, love
(Each fingertip taking you on a love trip)

Love, love, love, love
(Each fingertip taking me on a love trip)
Love, love, love, love
(Each fingertip taking me on a love trip)
Love, love, love, love
(Each fingertip taking me on a love trip).....
