Kill Surf City

The Jesus and Mary Chain

I love baby and she loves me I lost my baby in the deep blue sea I'm gonna turn my trick Gonna blow your head Til I'm almost dead

I'm gonna kill surf city with a loaded gun Got to surf city like a nuclear bomb I'm gonna fight surf city, got to get it down I'm gonna kill kill get it down I got to get, get, surf city

I hate honey and she hates me But that's the way it's supposed to be I'm gonna run, gonna run till I hit the sun Some evil cunt's gonna get my gun

I'm gonna kill surf city, got to get me a gun Got to fry surf city with a nuclear bomb Got to get them all day

I'm gonna surf city

Here she comes now Down to the back where the came from I've gotta sit that mother down Somebody knows me and I know them Fuck fuck
