

# Better Than

The John Butler Trio

All you want is  
What you can't have  
And if you just look around man  
You see you got magic  
So just sit back relax  
Enjoy it while you still have it  
Don't look back on life man and only see tragic

Because you could be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better than  
You can be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better

All the time while you're looking away  
There are things you can do man  
There's things you can say  
To the the ones you're with  
With whom you're spending your today  
Get your gaze off tomorrow  
And let come what may

Because you could be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better than  
You can be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better

All I know is sometimes things can be hard  
But you should know by now  
They come and they go  
So why, oh why  
Do I look to the other side  
'Cause I know the grass is greener but  
Just as hard to mow

Life's not about what's better than.

All you want is  
What you can't have  
And if you just look around man  
You see you got magic  
So just sit back relax  
Enjoy it while you still have it  
Don't look back on life man and only see tragic

Because  
You could be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better than

You can be better than that  
Don't let it get the better of you  
What could be better than now  
Life's not about what's better than
