

(All In The) All In All

The Knack

One
One two
One two three
A B C

I
I you
I you we
One two three

I was a fool to believe
I didn't have all I need
I close my
I close my
Eyes and I see

The circle goes on and on
The moment you are you are
It's all in the all in all
Ending at the start
It's all in the all in all
The moment you are you are
The circle goes on and on
Ending at the start

A
A B
A B C
One two three

I'll ask my mind to receive
All that my heart can conceive
I close my
I close my
Eyes and I see

The circle goes on and on
The moment you are you are
It's all in the all in all
Ending at the start
It's all in the all in all
Wherever you are you are
The circle goes on and on
Ending at the start
It's all in the all in all
