

# I Want Ya

The Knack

You wanna know  
Why I would let you go  
You'll never know  
How I must feel  
And now you cry  
And now you wonder why  
I ever said  
My love was real  
Though my eyes are far from dry  
True love shows the way  
I tried unsatisfied  
To let you see my way  
Can't you see my way

Cause I want ya  
Ooh you make me reel  
You know I want ya  
Do you feel it too  
Because I want ya  
Surrender love today  
Love isn't fade away

You give me love  
If you can call it love  
Or is it yours  
Or is it for me  
You know it hurts  
Why won't you say the words  
And if you won't  
Please let me be  
I'm not trying  
To say you're mine  
You can walk away  
I cried part of me died  
When you turned away  
Why'd you turn away

Can't you feel me tremble  
At the touch of your skin  
Gimme gimme gimme something that I can believe in  
Ooh
