

# You Gotta Be There

The Knack

You don't gotta tell me what I want to hear  
And you don't gotta tell me that you care  
You don't have to whisper loving words in my ear  
You just gotta be there just be there

I know you want someone who'll be good for you  
Someone with a life for you to share  
I could be that someone if you want me to  
But you gotta be there just be there  
Yeah you gotta be there just be there

Take a moment to trust  
Take a moment to just be loving

You don't have to say that you're in love with me  
Or run your pretty fingers through my hair  
You don't have to be what you don't want to be  
But you gotta be there just be there

You don't gotta tell me what I want to hear  
And you don't gotta tell me that you care  
You don't have to whisper loving words in my ear  
You just gotta be there just be there  
Yeah you just gotta be there just be there  
You just gotta be there just be there
