The Knocks

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

I see it, you're a rebel
You've got it written all over your feet
I know you feel it on a level
That you're gonna find it hard to beat

You'll be waiting for the sequel
But it's hard to top the mountain peak
Are you ready rock and revel?
For a memory you definitely won't forget to keep

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

Viva the crescendo
You feel it set in as the sun goes down
And now you're reaching for the record
That will catapult the night from ground

Oh, it's a very longtime
Since we had this good a time
We're only in the early phases
And we'll be flying off the handle, alright, alright

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

It's looking like it's one of those nights
One of those night, one of those nights
I know it will be one of those nights
Whoa

Everybody's wishing for one of those nights
One of those nights, one of those nights

It's looking like it's one of those nights
Whoa

I promise you that you'll remember tonight
For the rest of your life
I promise you that you'll remember tonight
For the rest of your life

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life

I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
I promise you that you'll remember tonight
For the rest of your life, for the rest of your life
