

The One

The Knocks

(Can't you see? Oh-oh-oh)

(Can't you see? Oh-oh-oh)

Let's take things fast what's there to lose?

You're everything to me it's true

Let's take things fast what's there to lose?

You're everything to me it's true (Oh-oh-oh)

You're my number one (Oh-oh-oh)

You're my number one (Can't you see? Oh-oh-oh)

You're my number one

I think of you, got you on repeat

And I know you think, the same of me

It's plain to see to everyone

The euphemy, a number one

You're everything that I want

And I'm everything that you could want

Let's take things fast what's there to lose? (Oh-oh-oh)

You're everything to me it's true (Oh-oh-oh)

Let's take things fast what's there to lose? (Let's take things fast what's there to lose?)

You're everything to me it's true (You're everything to me it's true)

(You're everything to me) You're my number one

You're my number one (Can't you see?)

You're my number one

Let's take things fast what's there to lose? (Let's take things fast what's there to lose?)

You're everything to me it's true (You're everything to me it's true)

Can't you see? (You're my number one, oh-oh-oh)

You're my number one (Can't you see?)

You're my number one (Oh-oh-oh)

Oh-oh-oh
