

It's been a long week at work  
I need to drown my troubles in  
Cold beer, a cold creek, a slow down  
This ain't no worries on my mind  
When I'm on that inner-tube recline  
Laid back and the ripples rollin'  
Let's go floatin'

I told my boss I was sick and my truck tore up  
Every time I make plans man it's just my luck  
I throw my hands in the sky tell my buddy lets ride  
Lets go float down the river so our troubles pass by  
Got the grill on blast on the redneck rap  
Baby backs scrubbed down about half of a slab  
Got the radio crankin' them ol' school tunes  
Proud Mary, Free Bird, and a little Bad Moon  
Load the Igloo cooler, and the Yeti up too  
We all tied together so we're ready to move  
'Bout 45 head and we all in the rope  
Leave your worries on the bank come on and lets go

Been sittin' on go gotta jump on in  
Gotta hop in your float with a big ol' grin  
Kick back koozed out with an ice cold brew  
Hey the coolers even got it's own float too  
Just a river ridin' redneck easin' around  
By the end of the day I done came unwound  
Little help from a shine jar buzzed my head  
Pull up to the sandbar to stretch my legs  
I need them hot girls with the bikinis on  
Man if you don't like that buddy somethin's wrong  
It's a summer time trip, float around get lit  
Get done in the sun 'bout as fun as it gets
