

# Mud Lovin' Rednecks

The Lacs

I got mud on my fender, I got mud in between my toes  
I got mud on the back of my front of my top of my side of my ride  
Every where I go, you know we're mud lovin' rednecks

I'm just an old waterin' hog, a dirty redneck  
If you don't like mud, stayin' home's your best bet  
I'ma try to get as muddy as I can  
'Til I come out wearin' me a gumbo tan  
A little more speed hit them ruts  
Wouldn't be fun if I never got stuck  
So I floor that four, push it to the limit  
Got mud on the glass, you can't tell I'm ridin' in it  
Naw, do it raw dog, get it caked on  
Tell them pretty boys they can stay hone  
Got a sweet peach and she a dirty broad  
Me and her always lookin' for a mud bog

I got mud on my fender, I got mud in between my toes  
I got mud on the back of my front of my top of my side of my ride  
Every where I go, you know we're mud lovin' rednecks

I got mud on the hood, mud in the air  
I'm a mud lovin' redneck so I don't care  
Fat legs, little Bip, Bubba and Bo  
Grab the straps and the chains, jump in and lets go  
I hear they got a hole that can't be crossed  
Just dig in and hold it and ride it out like a boss  
Place them bets 'cause I love mud money  
Them dirty country girls we call them mud bunnies  
Little dirt and some rain and you know it's all good  
It's got all them rednecks comin' out the woods  
Country folks paradise that's right  
Turn on 'em lights and we'll bog all night

I got mud on my fender, I got mud in between my toes  
I got mud on the back of my front of my top of my side of my ride  
Every where I go, you know we're mud lovin' rednecks  
I got mud on my fender, I got mud in between my toes  
I got mud on the back of my front of my top of my side of my ride  
Every where I go, you know we're mud lovin' rednecks  
I got mud on my fender, I got mud in between my toes  
I got mud on the back of my front of my top of my side of my ride  
Every where I go, you know we're mud lovin' rednecks
