

## Cheating The Shadow

The Legendary Pink Dots

Jello man cuts comers, creeps unseen between the sheets.  
When you're asleep, he creeps inside you. He's sinking in  
his teeth. He's breaking legs! He's laying eggs... you  
should see him play the organ. He whistles "Dixie" no  
your pipes, and you (?) - you simply die of fright. He  
slithers clean away and not one single soul survives. Now  
I'm starving in my shrinkwrap. I'm lying in the road. I  
know he won't get me, because I will live forever!
