

Got me watching your eyes watching things go by outside
out the window of a train
easy sipping them just seeing it fly left to right
pour the milk and I'll say when
I'm out wandering around.
You're but one thing I've found.
I don't mean to bring you down.
I'm out wandering around.
kinda hoped you wouldn't blame me
I can't wake up every day and find the same me
you can scream but I'll just dream how you might disappear
all I know is it's never clear
I can't hold you near.
you just are not here.
though it wasn't hard or far.
I walked you to your car.
Oh....
