

I Just Can't Take It Anymore

The Lemonheads

I've been thinkin' back on it babe, I
Guess it's been useless after all
I'm tired of seein' the days goin' by
Tearin' the numbers off my wall

You've been takin' up my time
Steppin' out of line
Breakin' up the dreams I had before
And I just can't make it any more
No, I just won't take it any more

I heard once before you were lookin' for a friend
Who could take the time to really get to know you
But you wanted me to kneel and forgot that I was real
And I guess I'm not content that far below you

Been shakin' up my bed
Breakin' up my head
So I'm breakin up and turnin' in my score

And I just won't make it any more
No I just can't take it any more

I tried to do my best and it would have worked I guess
But I couldn't keep my eyes from seeing through you
So I'll go on alone and I'll leave you here at home
And forget the fact I ever even knew you

Well we could have done a lot
We certainly did not
So I'll try to do the things I did before
And I just won't make it any more
No I just can't take it any more

No I just won't make it any more
No I just can't take it any more
