

# It's About Time

The Lemonheads

Bite my tongue  
And I won't say a word against anyone  
But I don't wanna get my fingers wet  
Unless it's an accident

Fell out on the street  
Now I'm watching my shoes and I grit my teeth  
But I don't have to look that way  
If I had half a say

It's about time  
It's about time  
Lick my lips  
And I won't hear the end of this

On your knees a reassurance  
Buy some time and come back for it

Before long  
Before it's gone

Patience is like bread I say  
I ran out of that yesterday

It's about time  
It's about time

Enough about us  
Let's talk about me  
If not about you  
It's not about sunshine

It's about time  
It's about time  
Touch my leg  
It's smooth but there stubble there

I'll fall back and let them go  
Only when I know you know

I don't know  
Make me sure

Have your people contact mine  
And keep your lawyer on the line

It's about time
