

Break

The Letter Black

There's no more running
I'll have to finally submit
I don't know when turned
How can he forgive me?

I don't know what it will take
I don't know if I will break
I don't know if I can forgive
I don't know

I can't keep hidig
One day I'll have to quit this
I need to ask him in
Why should he forgive me?
