

## Out Of Reach

The Letter Black

You seem so confused  
Blinded and betrayed  
They've all lied to you  
Turned their backs again

Life is falling out of reach  
And you don't understand  
God is always here for you  
And he's just a prayer away

You seem so alone  
Don't know what to do  
They've been lead astray  
Now they're leading you
