

## God Help Them

## The Lightning Seeds

The storms of life will pass away  
As I walk beside my holy-of-holies  
The northern lights that held my gaze  
Were heaven in those helish days  
And once, I longed to taste them all

God help them  
When they find out  
That's what life is all about

The words have died upon our lips  
The winds have blown disaster upon us  
All my life I've braved these thorns  
And weathered out the blackest storms  
But once, I long to taste them all

God help them  
When they find out  
That's what life is all about  
And god help us  
When we find out  
That's what love is all about

Since that day, you're all I've prayed for  
We're bought and paid for  
But it's cost us both more.....
