### The Lost Trailers

Blush showing on your face  
Smell of the hair spray  
Springsteen on the radio waves  
Lights dancing in a field spinning Ferris wheel  
Get three throw for one-dollar bill  
Straw in a coke and you take a sip  
Funnel cake burning up your fingertips  
Kiss the powdered sugar off of your sweet lips.

Feel so good so right

We could watch the marching band  
But we got other plans  
Stamp on both our hands  
In case we want to go back  
Road in the dark find a place to park  
We can watch the fireworks start  
Laying on a blanket and I pull you to me  
Just like a scene from a drive in movie  
Don't have anywhere to go know do we
