

# Mary

## The Maccabees

I was in the other room  
When handsome was gettin' liver and laces  
Couldn't save the family  
'Cause heroes wear masks and Lycra

Out, out, out, out, out, Mary get out  
You're freezin'  
In, in, in, in, in, brother get in

And get your head kicked  
In, in, in, in  
'Cause it's in, in, in, in

Down, down, down, down, down  
Heard you fell down  
And you scraped your knee

Up, up, up, up, up  
Kick yourself up  
And get plaster on your cut  
'Cause it's sewn up, and it's sewn

You wish that it was you  
You wish that it was you  
You wish that it was you

So, you've got yourself in a hole  
You can't get out  
I won't be there, I can't be around

So hold me down, I'll let you know  
About the places we can't go

I won't let go and I won't hold you back  
And I'm fallin' away  
I've paid the price and I'm willing to pay

So willing to pay the price you paid  
And the reason I can't stay  
'Cause you live so far away

You wish that it was you  
You wish that it was you  
You wish that it was you

You wish that it was you  
You wish that it was you  
You wish that it was you

So out, out, out, out, Mary get out  
'Cause you're freezing  
And in, in, in, in, brother get in

Brother get in  
Brother get in  
Brother get in
